Remember to write the reflection for ONE of your service projects on the back!!

Choose ONE of your service projects for the year and write a reflection on it. Your personal reflection should be in essay form and include answers to the following questions: 1) What was your community service? What did you do? When did you do it? 2) Why did you chose this community service project? 3) What need in the community did this service benefit? Is someone's life different or better because of what you did? 4) What did you learn through your service? 5) Has your life been affected because of your service? 6) Would you do this type of community service again? Why or why not? 7) What scripture quote (s) speak to you about your community service (you may not use "Do unto others as you would have done unto you" or "Love thy neighbor as thyself")?

Use additional paper if needed, but don't forget to attach it to this sheet!
